Schlicht Combustion Company of Long Island. Incorporated in New York July 16, 1896 and at the time had an office in Brooklyn, New York. Officers—Wm. J. Whiting, President, Chas. B. Kidder, Secretary. We are unable to find any trace of this company for a long time and believe it went out of existence many years ago. On April 5, 1924 its charter was proclaimed forfeited. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Scholtz Mutual Drug Company. This company was declared bankrupt on October 1, 1924 and all its assets sold to the Sun Drug Company now the Owl Drug Company of San Francisco. The proceeds of the sale resulted in a loss to the general creditors and so far as we can determine there is no value attached to the stock. There is absolutely no market for the stock at the present time.

Scioto & Hocking Valley Railroad Company. Incorporated February 20, 1849, but became embarrassed in December, 1857, and was placed in the hands of a receiver until 1864, when sale of portion of the road was made. The remaining portion, from Newark to the Cincinnati and Muskingum Valley Railroad, was sold in 1869 to the Newark, Somerset & Straitsville Railroad Co. On December 4, 1857, a bill was filed in the Common Pleas Court of Perry County by the trustee of one of the mortgages against the company, asking for foreclosure of mortgage and sale of the road, and accordingly a receiver was appointed, who took charge of the road and operated it under orders of the court. At the March term, 1863, the court issued an order directing the receiver as special master commissioner in the case, to cause the entire road, completed or in progress, the right of way and all other property, to be sold, but to be subject to a first morgage lien of $300,000. At the May term following the return of the proceedings had in accordance with said order and the sale of the property specified, May 19, 1863, for the sum of $411,100, subject to said First mortgage of $300,000, was by the court approved and confirmed. and further order made that the receiver and special master commissioner execute and deliver to the purchasers a deed in fee simple for the property and privileges so sold by him, which was duly performed by the execution and delivery thereof January 26, 1864. On the date last named the purchasers at the judicial sale entered into an agreement with the Marietta and Cincinnati Railroad Company as reorganized for a sale of so much of the road thus purchased as extended from the track of the Cincinnati, Wilmington and Zanesville Railroad (now Cincinnati and Muskingum Valley Railway), in Perry County, to and into Portsmouth, the consideration to be $500,000 in the first preferred stock of the company, purchase subject to the aforesaid $300,000 mortgage. The agreement, being submitted to the stockholders of the Marietta and Cincinnati Company, was approved by vote of more than two-thirds of the stock thereof. The road thus purchased is known as the "Portsmouth Branch." (The remainder of the Scioto and Hocking Valley Railroad, from the track of the Cincinnati, Wilmington and Zanesville road to Newark, was held by said purchasers until sold, September 2, 1869, to the Newark, Somerset and Straitsville Railroad Company.)

Scotia Consolidated Mining Company. Incorporated—Arizona. We have been unable to find any trace of this company since 1914 at which time it filed its last report. It is our belief that the company went out of existence about that time. On August 17, 1926, its charter was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Scranton, Montrose & Binghamton Railroad Co. Incorporated in 1919. Officers—W. Connell, president, Scranton, Pa.; A. W. Widowfield, secretary, Scranton, Pa.; F. W. Wollerton, treasurer, Scranton, Pa. We are advised that the company defaulted in interest on first mortgage S. F. 6% gold bonds a number of years ago, and that it has steadily lost money, although we have been unable to obtain definite figures. We do not know of any market for the bond and do not believe they have any market value. We are informed that probably a foreclosure sale would not bring sufficient money to pay the costs of the foreclosure; we doubt if anything will be realized on the bonds.

Seaboard Oil Corporation.	Incorporated in New Jersey, November 16, 1916. Capital authorized, $500,000. Par value $10. Address, Lakewood, N. J. Properties in Southern New Jersey, Wyoming, Utah and Republic of Panama, all undeveloped. Officers: John B. Thomas, president; A. B. Chamberlin, vice-president; Frank S. Willard, secretary and treasurer. We find no trace of this company after 1919 and believe it went out of existence about that time. On January 6, 1920, the charter of the company was forfeited for non-payment of taxes. There is no market for the stock which we believe valueless at the present time.

Seaview Corp.	N. J. 1927.	
Seaview Golf Club. Incorporated in New Jersey and is located at Absecon, New Jersey. H. A. Lang, treasurer, is located at 1127 Land Title Building, Philadelphia, Pa. The club charges an entrance fee upon admission to membership. The entrance fee takes the form of the purchase of one share of stock of the corporation. The estate of a decedent cannot be repaid the entrance fee, but is still registered as a shareholder. If in case of a dissolution, such estate would be entitled to share pro rata in the distribution of any assets of the club. The stock is transferable. On Sepember 23, 1922, one share sold at auction for $52 by Barnes & Loftland, Philadelphia. There is no market for the stock, but suggest selling it at auction where prospective members or members might offer a fair price for it. The treasurer might be able to find a prospective buyer, and suggest you make your first offer to him.

Selden Truck Corp. Organized in 1912 and was located at Rochester, N. Y. The Selden Truck Corporation merged with the Atlas Truck Corporation on July 25, 1922 to form the Industrial Motors Corporation. The latter corporation was organized in Delaware as a holding corporation. Time for deposit with the Chase National Bank, N. Y. under terms of the plan expired on Aug. 15, 1922. Terms of Exchange: (1) 60,000 shares Industrial at rate of 2 shares for one, for the common stock of Selden. (2) 24,000 shares of Industrial at rate of 8 shares for one for the first and second preferred shares of Selden. Mr. Henry Hopkins Jr. an attorney located at 40 Wall St., N. Y. C. who is familiar with this situation informed us that the only assets of the Industrial Motors Corp. were the shares of the Selden Truck Corp. and Atlas Truck. Both of the latter mentioned corporations went through receivership and there was no equity left for the stockholders, leaving the shares of the Industrial Motors without value. The charter of the Industrial Motors Corp. was forfeited in 1926. In view of the above we submit the shares of the Selden Truck Corp. and Industrial Motors Corp. as worthless.

Selflock Nut & Bolt Co.	The Selflock Nut & Bolt Co., East Syracuse, N. Y., is capitalized for $1,000,000 and so far has been chiefly engaged in financing itself and in experimenting, this work is practically over, although we also understand that the company is somewhat handicapped by lack of working capital at the present time. No dividends have been paid on either class of stock. Mr. E. H. Kingsbury, President, informed us that there was no market for the shares at any time near the date of death. Therefore, in view of the above, we submit only a nominal value of the Pfd. & Com. shares.

Cost of Road $1,807,693.17

The road was sold on August 12, 1878, for $75,000, but this amount paid for only a small percentage of the floating indebtedness, leaving nothing to be distributed to bondholders. However, the bonds were endorsed by the State of Alabama and later repudiated. All were barred by one of the home-made statutes of limitation. In 1927 a Committee was formed in New York to present a block of the bonds to a state for action, but for political reasons they have refrained to date from taking any action. The only chance to realize anything on your bonds is to force the State of Alabama to recognize their endorsement and make some settlement. Otherwise they are worthless.

Selma Rome & Dalton Railroad Company. Chartered in 1848 as the Alabama & Tennessee Rivers Railroad. Reorganized in 1866 as the Selma, Rome & Dalton Railroad. Interest was defaulted on the First Mortgage Bonds in 1871. The property was not sold until 1880 because of litigation. The amount received was $1,075,000. The courts at that time held that the mortgages of the Alabama & Tennessee River Railroad amounting to $600,000 were prior liens on the properties. In addition there were $615,837 of Receivers Certificates. The amount received at foreclosure was insufficient to pay the prior lien bonds and receivers certificates, leaving no equity for bonds and stock of the subject company, which are without value.

Selmay, Inc. Incorporated under the laws of the State of New York with a capital of $5,000 and was located at 3 East 55th Street, New York City. We were informed that the company failed about a year ago and is out of existence. The company probably was heavily in debt and the assets were sold at auction and bought in. A new corporation is generally formed by dummy directors who later resign. The stock of the new company is given to the person who bought the assets of the old company. This person turns over the assets for the stock of the new company and endorsed the stock in blank and turns it back to the parties interested. In this way, the public generally loses all track of the officers that evade their debts in this way. It is our opinion that the shares are without value.

Settled Production Company. Incorporated in West Virginia April 22, 1920 with a principal office in Clarksburg, West Virginia. Officers—A. J. Boderick, Pres., E. F. Boderick, Sec., 25 West 43rd St., N. Y. C. We are unable to find any trace of the officers or company for a number of years. We believe the company out of existence. Banks located in the town where they are supposed to have conducted business, report they have no record of such a company. Last reported quotations of the stock occurred in 1923. As far as we can ascertain there is no market for the stock which we believe has only a nominal, if any, value at the present time.

Shambow Shuttle Company. Value of 30 Shares of Capital Stock, Par $50. Incorporated under the laws of the State of Rhode Island on December 31, 1920 and is located at Woonsocket, Rhode Island. The stock of this company has been hurt considerably by the depression to the extent that there was no market for the shares at any time near the date of death. However, the company stated that the only person who could possibly be interested in buying these shares is a Mr. W. E. Winchester, who represents the majority stockholders, and is located at Greenville, South Carolina in care of the Judson Mills. We received a letter from Mr. Winchester, in which he stated that he would not be interested in making an offer for the shares, nor had he any idea of its market value. In view of the above, we believe that the shares had only a nominal value, or $1.00 per share as of January 12, 1932.

Shasta May Blossom Copper Company Consolidated. Incorporated 1903 in Arizona. Capital $10,000,000; par $1. Company is a holding company controlling Shasta May Blossom Mining & Smelting Company and Shasta Kennett Copper Mining Company. Otto Kirsch was president and Eugene M. Fuhrer secretary, and is located at 415 Washington Street, Brooklyn, N. Y. We have received the following letter from Mr. L. G. Bishop, 2337 East 23rd Street, Oakland, Calif.:

"I don't believe that you can find anybody who is acquainted with the situation surrounding this company who would be willing to hazard a guess as to the present value of this stock unless it is Mr. Kirsch and I have not heard lately whether he has changed his mind along this line or not.

"We are trying to place some value on it by reorganizing as the State of California may appropriate one of our properties for a reservoir site.

"The following are some of our guiding principles in carrying out this reorganization.

(1) That every dollar honestly invested in these companies shall receive proper consideration.

(2) That necessary trust funds shall be established to hold stock for the stockholders whom we are at present unable to locate.

(3) We are absolutely opposed to dropping stockholders by means of sharp legal practice or in other words 'freezing out' stockholders by legal technicalities.

"Establishing a bonafide value and market for the Shasta May Blossom Copper Company Consolidated stock is a difficult matter but I believe it can and will be done or I would not have worked at it for the past ten years, this coming January, as I have.

"It is a case of all factions agreeing to fight it out in courts or mutually agreeing as to the amount of stock to be allocated to each faction in an entirely new company. If the latter method is finally agreed upon, as I hope it will be, the actual formation of a new company must be preceded by a written agreement from each faction sponsored by a legal majority of the stock in each faction."

Mr. Bishop advised us that Mr. Otto Kirsh of 8026 90th Avenue, Woodhaven, New York, could give considerable information if he wished to do so.

Shearwood Railway Company. Incorporated—Georgia, January 12, 1912. Capital—Authorized $111,600, outstanding $110,500. Par Value—$100; no dividends paid. Officers—Mrs. J. N. Shearouse, President; H. M. Robertson, Jr., Vice-President; Hinton Booth, Secretary and Treasurer. Office—Brooklet, Georgia. There is no market for the stock. However, we understand the road is making some progress and is under good management, but the stock is not worth very much at the present time. (1930.)

Sheboygan & Fond du Lac Railroad. Chartered as Sheboygan & Mississippi Railroad March 8, 1852, and reorganized under present name March 2, 1861. On April 3, 1880, this road was sold under foreclosure. It was bid in by Albert & Martin L. Sykes for $1,500,000. The funded debt of the Sheboygan & Fond du Lac Railroad consisted of:

First Mortgage 7% Bonds	$750,000
First Mortgage 8% Bonds	850,000
	$1,600,000

Besides the bonded debt of $1,600,000 there was a floating debt of $66,748.45. According to the above sale price, the First Mortgage Bonds were not paid in full, and cannot possibly see how the stockholders received anything. It is our opinion that the bondholders were not paid in full, leaving nothing for the stockholders.

Silbert Consolidated Mining Co., Ltd.	Incorporated —Ontario and in 1919 reported an office at 20 King St., East Toronto, Ontario. It would appear that this company has been inactive for a number of years, for the name of the company has been removed from the current files of the Provincial Secy. of Ontario for failure to file returns. It is our opinion that the company is out of existence and the stock worthless.

Silver, W. A. L. Mfg. Corp.	N. Y. 1930.	
Silver Wave Mining Company.	Incorporated in Arizona August 5, 1907, and since that time has failed to file annual reports or fees. Accordingly we are unable to find any trace of this company for a great many years and believe it out of existence. As far as we can ascertain there is no market for the stock, which we believe to be valueless at the present time.

31, 1920. The balance sheet of December 31, 1921, shows cash $178,409 inventory at market value $600,345; notes and accounts receivable, $159,461; notes and accounts payable, $560,158. Receivership June 21, 1924. Vice-Chancellor Backes at Newark, N. J., has appointed Richard C. Anderson (president of the company) and M. Casewell Agine receivers. Company's estimated assets, $2,300,000, and liabilities, $1,260,000. Sale confirmed February 7, 1925. Vice-Chancellor Backes at Newark, N. J., has signed an order confirming the recent sale of receivers of the assets of the company to Charles D. Krish of New York and associates for $576,500. The bid was $1,500 higher than that of Mechanics & Metals National Bank, New York. The latter institution has taken over the Krish bid with the obligation to assume the payment in full of notes amounting to $100,000 of the Home Light Electric Company, which corporation was owned by the Simms Company. Under the terms of the sale as now confirmed, the receivers will net $276,500 for the payment of general claims aggregating in excess of $800,000. On April 4, 1929 100 shares of 7% cumulative preferred stock sold at auction for $1 the lot, and on December 26, 1928, 200 common trust certificates sold at auction for $4.50 the lot.

Smith Brothers Manufacturing Company.	Incorporated in New Jersey July 9, 1888, and has never been dissolved. Manufacturing companies are not assessed in New Jersey and are not required to file annual reports. John J. C. Smith, Michael Smith and Thomas M. Moore, all of Passaic, New Jersey, were directors, and the post office at Passaic reports that they are not in the city directory. We believe this company went out of business many years ago, and the shares are worthless.

Smithtown Assembly Hall Association. Value of Stock—This Association is located at Smithtown, L. I., and was not organized as a profitable undertaking. Its purpose was to provide a meeting place for the residents of Smithtown and it was leased at a nominal rental to the Smithtown Association, which made certain local uses for the same. The Association has recently turned the property back to the Smithtown Assembly Hall Association and the directors of the Association are trying to dispose of the property and dissolve the Association. Residents of Smithtown state that it is impossible to say what can be realized for the property and what the stockholders will get, if anything, in dissolution and that they doubt very seriously if anything will be paid for the capital stock. It will take a year or more to sell the property and liquidate the assets. There are no sales or quotations reported of the stock and in view of the rather indefinite situation, so far as the stockholders are concerned, we do not believe these shares should be valued at more than a nominal figure and therefore submit zero as of May 14, 1926.

Sneyd Enameled Brick, Inc. Incorporated in New Jersey, July 12, 1929, and according to records is still in existence. Its principal office is located at Room 1205 Broad Street, Bank Bldg., Trenton, N. J. We have written several letters to the company asking for information concerning its present status, but to date have had no replies. However, through other channels we are advised that the company maintains a small four figure balance and is accommodated with a small four figure line of credit on the strength of indorsement. We understand they take care of their obligations and the accounts are satisfactory. We understand the Sneyd Enameled Brick, Inc., is operating the plant owned by the Sneyd Enameled Brick Company, New York Avenue, Trenton, N. J. There is no market for the stock and from information received we are unable to furnish a book value.

Snowstorm Hydraulic Company. In 1903 it was reported that this company was located at or near Fairplay, Park County, Colorado. Officers: John S. George, President, Milwaukee, Wis.; David E. Rowe, Vice-President; Byron D. Adsit, Treasurer; A. K. Persons, Assistant Secretary. The general office of the company was located at 829 Stock Exchange Building, Chicago, Illinois. The company controlled about 5,000 acres of placer claims in Park County, Colorado, which at that time was in the development stage. This company had an electric plant, to carry on the work. According to reports, the company earned about $8,000 in 1902. The property apparently proved a failure for the company was reported out of existence and the stock worthless in 1909. In view of the above we submit the shares as worthless.

Sonora Central Mines Company. The company had some excellent men in its directorate, but the antecedants of the corporation were poor. The ownership of 20 widely scattered properties were considered a source of weakness rather than of stength. In 1916 it was reported that the company passed away. Foreclosure proceedings took place about 1913, but provided no cash for the bondholders, so they took the property. No reorganization was made. In view that the bondholders had not realized the full amount of their bonds there was nothing left for the stock, which we submit as worthless.

Sonora Gold & Silver Mining Company. Incorporated: October 17, 1887 in Arizona. In 1898 this company had their main office at Cleveland, Ohio, and their mines were located in the town of Magdalena, Sonora county, Mexico. Officers: W. M. Williams, President; H. W. Gebaur, Secretary; J. S. Malone, Treasurer; J. S. Morgan, Manager. The company has never filed a report since incorporation. As far as the Secretary of State is concerned the company is defunct and will be declared legally dead when legislative appropriation is made for such purpose. There was a James S. Malone, 2047 E. 96th Street, Cleveland, Manager of Euclid Railroad in 1913, but believe he is dead. Our 1909 mining record of Mexican companies does not list this company. In view of the above, we do not attach any value to the stock.

Sonora Products Corporation of America. On August 29, 1929 the stockholders of the Acoustic Products Company voted to change the name to the Sonora Products Corporation of America. On December 18, 1929 Federal Judge Alfred C. Coxe appointed the Irving Trust Company receiver in bankruptcy for the Sonora Products Corporation. Petitions being filed by several creditors. During receivership the business continued under direction of the Irving Trust Company. On September 3, 1930 the properties of this corporation are to be sold at auction by Winternitz-Tauber Co. auctioneers, Detroit. Sale will be held at 1900 So. Michigan Avenue, Saginaw, Michigan. We find that on August 8, 1930 this stock was quoted by Steelman & Birkins, brokers located at 50 Broad St., New York City, at .02 bid, .08 asked.

South Camden Ferry Co. Value of $500. 6% bond due 1861. The Farmers and Mechanics Bank of Camden, N. J., was trustee for the above issue. The trustee after many consolidations, is now known as the First Camden National Bank & Trust Company, Camden, N. J. The latter has no record showing an unused deposit to cover any unredeemed bond of the subject company. It is our opinion that the bond is without value.

South Comstock Consolidated Mines Company. Incorporated—Arizona, about 1906. Capital—10,000,000 shares subscription price was $.25. In 1907 little or no information could be obtained about the properties and financial condition of this company at the time it was thought that 10,000,000 shares created against an unproductive and somewhat unknown proposition was very uninviting. After 1907 we do not find any information concerning this company and believe it has gone out of existence. There is no market for the stock which we consider valueless at the present time.

South Texas Oil & Development Association. Organized in Texas 1919. Capital: $250,000. Par Value: $10; Officers: R. O. Perkins, Pres.; C. J. Dallinger, Sec. Company owned leases on 2000 acres in Wilson County, Texas and maintained an office in San Antonio, Texas. We find no trace of the company nor any quotations of its stock after 1923. We believe the company went out of existence about this time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Southern Aluminum Company of New York.	Incorporated, New York September 11, 1912. This company acquired the partly built hydro-electric plant of the old Whitney Company for $750,000 cash and $500,000 in capital stock of the Southern Aluminum Company. This plant did not produce sufficient power so the company moved four miles away to a new site and here work began anew. At the outbreak of the World War, owing to inability to finance the project at which time the plant was about 75% completed, work was suspended. In 1915 the Aluminum Company of America purchased the assets of the Southern Aluminum, but not the company's stock, as a result they advise us that they know nothing about 7% Cum. Preferred stock of the old company. We are unable to locate any market for it at the present time.

Southern Consumers Gas & Utilities Corp. Incorporated in Delaware and is no longer in existence, having become inoperative April 1, 1933. The last known address was 580 Fifth Avenue, N. Y. C. President, H. L. Whitney; Vice-President, M. Rea Gans; Sec'y., Dean Babbitt; Treas., Dean Babbitt. A search at the above address revealed that the company went out of business about a year ago and no further trace of the officers can be found. Brown's Directory of American Gas Companies for 1931 showed no record of this company's operations. As far as we have been able to determine the shares have never had any value. It is our opinion that the shares are absolutely worthless.

Southern Granite Company. Incorporated in South Carolina in 1906. We have made a thorough search of our mining manuals back to 1906 and found that very little mining was ever done in that state, nor did we find any mention of the subject company. It is our opinion that no such corporation exists today and that the shares are without value.

Southern Holding Company. — Incorporated in New York and was located at 16 East 33rd Street, N. Y. C. in 1920. A. Milton Napier, President; Jos. P. Ranney, Sec'y; Harris Whittemore, Director Harden L. Crawford, Director; M. Ranney, who is now located at 101 Park Avenue, New York City, informed us that the company had liquidated and a distribution was made to stockholders years ago. Mr. Ranney also stated that there are no unclaimed funds held at the present time for stock of this company. Apparently your stock has received its distributive share and is therefore worthless.

Southern Iron & Steel Company. Incorporated—New Jersey in 1909. The property of the Southern Iron & Steel Company was sold in bankruptcy on January 31, 1931 and was transferred to the Standard Steel Company. Under the Modified Plan of Reorganization, the holders of Certificates of Deposit had a beneficial interest in the stock of the new corporation upon the following basis: Secured Notes 100 per cent. First & Ref. Mtge. Bonds 50 per cent. Debentures 20 per cent. Unsecured Claims 20 per cent. Mr. Arthur M. Wickwire, Secretary for the Reorganization Committee, informed us on May 14, 1913, that the amount realized from the sale of the property was insufficient to pay the company's obligations, leavings no equity for stockholders.

Southern Maryland Railroad Company. We understand that this company changed its name to the Washington Potomac & Chesapeake Railroad Company and the new company subsequently changed to the Washington Brandywine & Point Lookout Railroad Company. However, we are informed that the original Southern Maryland Railroad Company went out of existence in 1886 and has no connection with the present Washington, Brandywine Company. It seems evident that as the companies changed names, only their assets were purchased by the new company. The latter having nothing to do with the liabilities. We believe the bonds without value at the present time.

Southern Minnesota Railroad Company.	There was a default in payment of interest on the property covered by the Southern Minnesota Railroad Company 7% 25-year First Mortgage bonds due October 1, 1883 and the property was sold by the Governor of the State of Minnesota on October 16, 1860. The property was later conveyed by deed to Chicago, Milwaukee & St. Paul Railway Company on January 1, 1880 and so far as we are able to learn no provisions were made for the payment by the St. Paul Company of any of the defaulted bonds of the Southern bonds of the Southern Minnesota Railroad Company. The Chicago, Milwaukee and its property was taken over by the present Chicago, Milwaukee, St. Paul and Pacific Railroad Company and no provision was made to assume any of the bonds referred to above. It is our opinion that the bonds mentioned in your letter are absolutely worthless.

Southwest Metals Company. — Incorporated 1920 in Delaware and was located at 26 Journal Sq., Jersey City, N. J. Control of this company was acquired by the Sheldon Mining Company in 1929. H. R. Lathrop, President. Funded Debt: $250,000 6% notes due 1935, payable to R. M. Thompson. The Lathrop who is located at 786 Montague St., Brooklyn, N. Y. in care of the Sheldon Mining Company, informed us that the plant of the Southwest Metals Company has not been in operation for over three years, due to the situation in the copper and metals market. Whether or not it will ever resume is very problematical. Mr. Lathrop does not consider the stock worth anything at the present time. With the company's property idle and $250,000 of notes outstanding we do not believe the shares to have any value at this time, nor will have for same time to come.

Southwestern Land Trust. We have no information in our files concerning the above, but apparently the Chicago, Title & Trust Co. is acting as trustee. Rogers & Tracy, brokers of Chicago, Ill. quoted this stock at ¼ bid, ¾ asked, on Jan. 9, 1933. There have been no quotations of the shares since then. It is our opinion that probably ½ or better will be paid for the shares at this time. (1933).

Southwestern Mercantile Company. Incorporated in New Jersey as the Silver-King Exploration Company and same was changed to the above on Oct. 13, 1919 and had an office at 15 Exchange Place, Jersey City, N. J. On Feb. 18, 1919 the charter of the company was repealed and declared null and void. We found no record that the shares ever had a value and it was just another mining company that failed to find a strike. It is our opinion that the shares are without value.

Southwestern Metal Mines Company. This company maintained an office in Las Vegas, Nevada, during the latter part of 1928 and the first few months of 1929 in which they handled the transfer of its stock. The office, however, has been closed for some months and we have not yet located its present address.

Southwestern Metal Mines, Inc. Incorporated October 5, 1927. Secretary's office located at P. O. Box 883, Las Vegas, Nevada. Mines consist of El Dorado, Wahmonie, Cleator and Tuscon. Company's shares are not listed on any exchange and the company is not interested in the purchase or sale of stock according to a letter from the Secretary's office. Operations are being carried on at three of its mines at this time, copper ore being produced and shipped from one of these, the Ivy May Mine. The mill on the Southwestern Mine is not completed and will probably not be in operation before fall (1929).

Sperry & Hutchinson Company.	Incorporated in New Jersey, October 25, 1900. The charter of this company was forfeited on January 5, 1909 but was reinstated on February 16, 1909. Evidently the company overlooked paying its taxes and according to the regular procedure its charter was forfeited. Apparently as soon as the company recognized this fact, they immediately reinstated themselves.

Spokane & Inland Empire Railroad Company.	Upon petition of the First Trust & Savings Bank of Chicago, as trustee, an order naming F. E. Connors of Chicago, as receiver was filed in the U. S. District Court, Spokane, Washington, on January 10, 1919. W. G. Paine, General Manager, was quoted as saying: "Decreasing revenue makes it impossible to pay the interest on our bond issue any longer." In 1918 the company showed a deficit of $624,653.00 which amount to: Net after taxes, $97,594.00 deficit; Interest on funded debt, $221,512.00; Interest on unfounded debt, $305,547.00; Balance—Deficit, $624,653.00. In January, 1918, the preferred stock was valued at $2.00 per share and the common at 10 cents per share, for Transfer Tax proceedings. There was absolutely no market for the stock in 1919. In view of the above deficit of $624,653.00 for 1918 a receivership was inevitable and resulted in the property being sold at a foreclosure sale for less than the bonded debt. The funds received were insufficient to pay the bonds at par, leaving nothing for the preferred and common stockholders. Therefore, we believe the preferred and common shares were worthless as of 1919 and submit them as such as of that time.

Spurrier Development Company. We understand that the company acquired some land from one Higinio Gonzales, probably others also, and made a subdivision which they sold in lots and drilled a well for oil in said subdivision. The well was not a producer and it is our understanding that no further effort at development was made and in the course of time Gonzales entered suit in the District Court of Starr County and recovered title to the land by reason of non-compliance under the contract of sale. We do not believe that at this time the land involved would justify any sizable expense for investigation as the land itself is of nominal value, though it is believed that the project for oil development in that section are promising.

Standard Brokerage Company. We understand this company has an office at 71 Wall Street, New York City, but are unable to find any trace of it after 1913 and believe it went out of existence about that time. During the past years the company was dissolved by the Secretary of State of New York for non-payment of taxes. As far as we can ascertain there is absolutely no market for the stock.

Standard Consolidated Oil & Land Company. Incorporated—Arizona, April 25, 1901. Officers—R. H. Vansant, President; Gustave J. McGregor, Secretary. Company had an office in San Francisco, Calif. We are advised that a great deal of stock was sold by this company, but could never discover that the company had a real title to any land in the oil fields. After the oil boom, this company, like a great many other mushroom concerns, went out of existence, the promotors departing from that city without leaving any satisfactory explanation behind them to satisfy stockholders. In view of the above we believe the stock without value at the present time.

Standard Gold Mining Company. Incorporated, Arizona, 1902. This company failed to file any reports or pay taxes since the time of incorporation and on July 22, 1927 its charter expired by limitation. We find no trace of the company for a great many years. There is absolutely no market for the stock which we believe worthless at the present time.

Standard Gold Mining & Milling Co.		2
Standard Gold Production Co. Incorporated in Colorado, and had an office at 320 Broadway, New York City in 1897. No further trace of the company could be found after 1904. The last sale recorded was in March, 1904, when 1,000 shares were sold at auction for $50.00 the lot. In 1906 the Transfer Tax Attorney of New York reported the company as defunct and the stock worthless. In view of the above, we believe the stock worthless.

Standard Nut Manufacturing Company.—Company was organized under the laws of Delaware in 1917 and has a capital stock authorized of 5,000 shares, issued, 3,000 shares, of no par value, which stock we understand was originally sold at from $10. to $12. a share. The officers of the company are as follows: Charles Roof, Pres., Maryland; E. L. Durkin, Vice Pres., New York City. Company occupies desk room with the Scientific Production Co. at 3852 Grand Central Terminal Bldg., New York City. We understand the Standard Nut Mfg. Co. owns certain patents for the making of nuts which patents expire in about 3 or 4 years and are now being sold by the Scientific Production Co. on a 10% commission basis. The nuts are manufactured by the Bethlehem Steel Corp. We understand that up to about 3 or 4 years ago the Standard Nut Mfg. Co. did not operate but that in that year a contract was made with the Scientific Production Co. which resulted in some success. We understand that the Standard Nut Mfg. Co. has made about $18,000. and in February 1927, declared a $6.00 a share dividend amounting to a total of $18,000. which completely used this fund. We are told that the company has about $1,000. in the bank at the present time and Mr. E. L. Durkin, Vice Pres. estimates that a fair value for the stock, as of April 1926, is $3. or $4. a share.

Standard Salt Company.	Incorporated in Maine and had an office at 74 Broadway, N. Y. C. in 1910. The firm of Henry N. Roach Company was reported at that time to have swindled investors out of $2,000,000 in five companies in which the Standard Salt Company was one. The company cut off relations after certain Roach Company manipulations in 1911 and moved to Kansas City, Mo. The company had bonds outstanding that received only 8% after foreclosure leaving no equity for the capital stock, which is in our opinion without value.

Standard Tire Company, Inc. Francis Seiberling, an attorney and director of this company located at Second National Bldg., Akron, Ohio, informed us that he does not believe that the company is being operated as Mr. R. J. Firestone, who organized the company is dead. Mr. Sieberling has not been connected with the company for many years, but is sure that the shares you hold are without value. In view of the above, we submit the shares as worthless.

Steel Package Company. Incorporated in District of Columbia. Capital authorized: $7,000,000 Common par $100; $2,500,000 Preferred 7% N. C. par $100. The company was organized for the purpose of manufacturing steel barrels for the shipment of such commodities as sugar, salt, lime, etc. Apparently the affairs of the company never progressed so far as the production, because in 1914 it was placed in the hands of a receiver, at which time the stock was considered worthless. The last sales of the stock of which we have record took place at auction on December 11, 1920 when 250 shares of preferred stock sold for $16 the lot and 125 shares of common stock sold for $3 the lot. It is our opinion that the shares are worthless.

Steel Realty Development Corporation. The Steel Realty Development Corporation was organized under the laws of Delaware with authorized capital stock of $150,000,000 7% Preferred Stock, par $100 and 3,000,000 shares of Common Stock, no par. In December, 1921, the L. R. Steel Service Corp. of New York City and Buffalo, N. Y., offered one share of the Preferred at $100 with ½ share of Common as a bonus. Company is located at Lincoln Building, Buffalo, N. Y. In March, 1923, the L. R. Steel Service Corporation was placed in the hands of a receiver. The last quotations reported for the stock are 40 shares of Preferred offered at $1.50 a share in January, 1925, with no bids; and 10 shares of Common offered at 60 cents a share with 10 cents a share bid for 50 shares in July, 1924. In January, 1926, the Delaware charter of the Steel Realty Development Corporation was declared void for non-payment of taxes. Petitions in bankruptcy were filed against this company, April 30, 1923, and in May, 1923, a receiver was appointed. On March 10, 1924, Steel's Consolidated, Inc., incorporated in Delaware, was formed and took over the remaining assets of the Steel Realty Development Corporation. We believe the stock of this corporation without value at the present time.

Steelcraft Corporation of America. On June 22, 1925, Frank E. Hainen of Cleveland, Ohio, was appointed receiver for this company; J. S. Hurd was appointed attorney for receiver. As of December, 1926, receiver still operated property. Under date of November 21, 1928, we received the following letter: "Replying to your inquiry with regard to the Steel Craft Corporation of America, I wish to advise that the undersigned was appointed Receiver for said Company by the Court of Common Pleas of Cuyahoga County, Ohio, in cause Number 243,785 entitled Harry C. Rice, New York City, Plaintiff vs. Steelcraft Corporation of America, Defendant on the 22nd day of June, 1925. Since said date the undersigned as Receiver has been operating

the National Safe Division of said Corporation and will continue to do so until further order of the Court. At the time of the appointment of the Receiver, Steelcraft Corporation of America was in default on its first mortgage bonds and on other obligations and since that time the court has ordered a decree of foreclosure of the first mortgage bonds and of a second mortgage held by the Central National Bank Savings and Trust Co. of Cleveland, Ohio. Unless some plans are effected by way of refinancing the first and second mortgages and of liquidating the claims of creditors it is possible that the assets of the Corporation will be ordered sold by the Court under its decree of foreclosure and the proceeds used to pay the outstanding obligations of the company in accordance with their priority, in which event it is not likely that there will be any equity for stockholders. The Receiver has been making every effort to conserve the assets of the company for the benefit of the creditors and stockholders and will be glad to co-operate in any way possible for the best interests of all concerned. In the event that any further information is desired you may secure the same by addressing a letter to the Receiver or to the Attorney for the Receiver whose addresses are hereinafter set forth, enclosing a self-addressed stamped envelope for reply"; Joy S. Hurd, Attorney for Receiver Steelcraft Corporation of America, 709 Society for Savings Building, Cleveland, Ohio, Cherry 2620; Frank E. Hainen, Receiver, 931 Society for Savings Bldg., Cleveland, Ohio, Main 505. On January 24, 1927, the charter of the company was forfeited for non-payment of taxes.

Sterling Oil Company. 6% Redemption Gold Bonds dated July 20, 1920. This company was organized about 1919 in Delaware and the Declaration of Trust, filed in Dallas County, lists the following as trustees: Ben Harlan; Henry Sheffield; G. L. Keller; J. C. Keller; Daisy Mahan, all of Dallas County; H. C. McCarter and A. W. Dowd, of Ellis County; W. H. Stanfield and Lee Stanfield, of Clay County; S. B. Huff, of Oklahoma City. At this time Henry Sheffield is the only one of the trustees now living in Dallas, and he advised us that it is his understanding that this company was taken over by the Keller Brothers Oil Company. Mr. Sheffield states that it is his opinion that the stock now has no value. Delaware charter was forfeited Jan. 20, 1928. Keller Brothers Oil Company is listed as defunct and the stock has no value. In view of the above, we submit the shares as valueless. The Guaranty Bank & Trust Company of Dallas, Tex., redeemers of the bonds, was succeeded by the Republic National Bank & Trust Company of Dallas. Bonds worthless.

Stimpson Computing Scale Company.	This company has been in business for a little over nine years, during which time it has grown in volume to be the third largest in the industry. It started out with $422,000 common stock and $75,000 preferred. Company has retired all the preferred and has a surplus now of $391,531.60. The book value eliminating patent rights, good will, etc. of $72,000.00 and other what might be termed questionable assets, is over $150,000. All reserves are liberal, for example, machinery, tools, patterns, furniture, etc. which cost $198,572.94 are carried at only $61,742.59. Company manufactures scales, coffee mills and meat choppers. Not being listed and because of the fact that the majority of stock is held by those close in touch with the management of the company, there is no established market price, although unofficial quotations run from $75.00 to $90.00 per share. The stock is on a 6% dividend rate, payable quarterly. Customers of the company number such well known concerns as Atlantic & Pacific Tea Company, Clarence Saunders Corp., Piggly-Wiggly Corp., DuPont Rayon, B. F. Goodrich Rubber Company and Standard Sanitary Mfg. Company. Company has over two hundred salesmen in this and foreign countries.

Stone, C. E., Company. In 1911, Mr. C. E. Stone went to Wellington, Tex., then a town of 1,000 population, and opened a small store with $1,000 in cash and $4,000 in merchandise taken from a bankrupt stock and moved from Nangum, Okla. He opened the store on June 11th. From that time until Dec. 31st the sales were $18,500.24 and showed profits of $500.02. Mr. Stone drew a salary of $75 per month. From this beginning, the company grew to twelve stores in 1926 and these stores sold merchandise amounting to $789,952.52, with a net profit of $12,494.75. On Jan. 1, 1927, C. E. Stone Company of Texas was incorporated with a capital stock of $300,000. The company acquired the 12 stores named above and opened at Dallas, Tex., a distributing house, where all merchandise was distributed to each of the stores. As a result of this the merchandise sold for the year amounted to $715,000, with a net profit of $72,000. The sales were low for this year because the company did not have the merchandise to sell, but was trying to unload the stocks of merchandise that had been bought in 1926. On Jan. 1, 1928, C. E. Stone Company was reorganized and

a Delaware corporation was formed. The stock of the new company amounted to 10,000 shares, no par value, and was subsequently split up five to one and distributed among the owners of the original stock of 10,000. Including the cost of raising the money, $478,000 new capital was added to the Corporation and used for the opening of new stores. The first store in 1928 was opened on Feb. 16th and others from time to time, one and two per month until the first day of December when the last store was opened, making the total number of stores now owned and operated by the C. E. Stone Company thirty-three. Each of the stores is divided into 9 departments, namely, ready-to-wear, millinery, clothing, shoes, work clothing, piece goods, notions, furnishing goods and hosiery.

Stone's Express, Inc. Company was incorporated under the laws of the State of Massachusetts and has a capital stock issued consisting of $128,200 Common and $150,000 Preferred, par value $10 a share. Company is located at 412 Broad Street, Lynn, Mass., and the following are the officers and directors: Chessley W. Stone, Pres. and Treas.; Herbert M. Cox, Clerk of Corp., both of 412 Broad St., Lynn, Mass. Directors: The above, and Clifford A. Moore, 91 Montgomery St., New York City; E. J. De Sable, 40 Cedar St., New York City; J. Edgar Barnes, 7 Willow St., New York City. Following is the financial statement of assets and liabilities as of Feb. 1, 1927:

Assets

Furniture, Fixtures & Tools	$10,514.73
Autos, Trucks & Teams	50,539.09
Accounts Receivable	24,357.66
Cash	1,637.66
Securities	515.14
Good-will	200,000.00
Profit & Loss	103,557.46
Improvements to leased property	854.88
Total	$391,976.62

Liabilities

Capital Stock	$278,360.00
Accounts Payable	33,446.00
Notes Payable	32,947.72
Reserves	38,764.31
Accrued Accounts	8,458.59
Total	$391,976.62

The foregoing statement shows total assets, exclusive of good-will, amounting to $88,419.16 against which there were liabilities amounting to $113,616.62, which, of course, wiped out any liquidating value for either the preferred or common stock. This is apparently a close corporation and there are no public sales or quotations reported of the stock with the exception of one sale at auction on February 27, 1926, at which time 75 shares of the preferred stock sold at $25 the lot. In view of this poor showing of the financial condition as of February 1, 1927, we do not believe that there was any market for either the common or preferred stock as of March 4, 1927.

Storage Power Company. Incorporated in West Virginia in 1898 and had an office at 27 William Street, New York City. This company owned patents for storing and transmitting heat and power by means of superheated water. The company had little success with their patents. The company was finally dissolved shortly after 1906 when the stock was selling at about 25 cents per share. In 1911 the stock was reported as worthless and submit it as such as of the present time.

Sub-Surface Torpedo Boat Company. Incorporated in New Jersey on Oct. 28, 1899 and was located at 152 Market St., Paterson, N. J. Agent Paterson Safe Deposit & Trust Co. The company became inoperative and defunct on March 10, 1913. Evidently the patents were of no value as we have found that no assets were available for the stockholders in the final dissolution.

Suburban News Company of Baltimore City. We have searched our own files and many other sources of information available to us, but can find no record of the above named company. It is our belief that it went out of existence many years ago. As far as we can ascertain there has been no market for the stock for a great many years and we believe it valueless at the present time.

Sullivan Harbor Land Association of Sullivan, Maine. Incorporated in Maine about 1888 at which time a strip of land situated between the steamboat wharf at Sullivan running eastward was acquired by deed from one Clyde Hunt. A few lots were sold to prospective summer residents, but the company's affairs, because of financial troubles, became somewhat involved and we learn that at that time they procured additional capital by mortgaging their land holdings to a Mr. Braman. The mortgage ran out, and the loan was not paid, the mortgage was evidently foreclosed, the equity of redemption expired and the lands went to Braman. Our informant tells us that it is his impression that the corporation died a natural death by ceasing to operate and their stock, for this reason has no value. The charter of the company was forfeited in 1895.

Sulphur Dioxide Fumigating & Fire Extinguishing Co. Incorporated in West Virginia March 20, 1899 and had an office at 11 Broadway, New York City. Paul L. Kiernan, President. In 1910 the company was petitioned into bankruptcy by Benjamin Shephard, of East Orange, as a creditor for $5,384. The assets of this company were reported as follows: Cash $33.00; machinery in a storehouse in Brooklyn; stock of subsidiary companies (value problematical). Mr. Shephard obtained a judgment against the company the same year for $5,384.00 which was returned by the sheriff unsatisfied. The company is out of existence and the shares are without value.

Summer Homes Corp.	N. J. 1932.	
Summer Homes Protective Company.	Par $50 Stock. We are advised as follows by the treasurer of the company: "The book value of the stock of the company is somewhat in excess of the par value of $50. per share. As, however, practically the entire assets of the company are invested in summer homes property at Monmouth Beach, an estimate of the actual value of the shares would depend upon how favorably sales of such property can be made. I do not consider the value of the shares of the company as of January 4, 1920 to have been in excess of $20. per share. I know of no sales of any of the shares excepting by the company to original subscribers of the company's stock." We therefore submit $20. as a fair value of this stock as of January 4, 1929.

Sun Oil Co.	We are unable to find any trace of a corporation with the above name having been incorporated in New York about 1865. If such a company existed around that time, we believe it is now out of existence and its stock worthless. There was a Sun Company authorized to do business in New York on January 2, 1918 and changed its name to Sun Oil Company on December 2[illegible] 1922. This company is still in existence at the present time.

Sunset Mining & Development Co.	A Mrs. Belle McCord Roberts is President of the company and at last reports was located at 603 Heartwell Bldg., Long Beach, Calif. The mine office is at Unionville, Nevada. According to reports, in 1929 Mrs. Roberts held all the stock of this company. The stock is assessable and assessment No. 15 of 1c. was payable March 5, 1928. When assessments are not paid, the shares are sold for assessments. Mrs. Roberts probably bought the shares that were delinquent. According to the above it appears that your shares are without value.

Sunshine Copper Co.	Incorporated, Arizona, and was promoted by Douglas Fenwick & Co., who were located at 34 Wall St., N. Y. C. in 1917. Robert Dixon, President, was a member of the N. Y. Fruit Exchange. We searched our mining records that lists all mining cos., and failed to find any record of this co.'s operations from its incorporation. The property probably proved of no value; and the Co. dropped out of existence. There has never been any market for the stock and in view of the Co. being defunct we do not believe the shares have a value.

Superior Mining Company.	Incorporated in Idaho. January 24, 1896, and since that time has not filed an annual report. Accordingly we have been unable to find any trace of the company for a great many years and believe it out of existence. On December 1, 1912 the company forfeited its charter. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Superstition Consolidated Mining Co.	Incorporated in Arizona January 7, 1915. Our last report on this company stated that the property was considered a prospect and had been idle since 1918 except for assessment work which had been paid for by the directors. Mr. J. P. Bickell, formerly President of the company now located at 15 King Street, Toronto, Ontario, informed us as follows: "For several years the Directors of Superstition Consolidated Mining Company continued to advance the funds necessary to pay property tax, corporation fees and so forth, so that the Company's property might be kept in good standing. However, they finally wearied of this, and a year or so ago the property was sold for non-payment of taxes. You will gather from this that the stock is without value." In view of the above we submit the shares as worthless.

Susquehanna Canal Company. Value of 6% bonds due January 1, 1878 extended to 1918. We were informed by Mr. H. E. Paisley, Treasurer, of the Reading Company, Philadelphia, as follows: "The old Philadelphia and Reading Railroad Company operated the Susquehanna and Tidewater Canals under leases for a period beginning January, 1872. The Tidewater Canal was owned by the Susquehanna Canal Company and operated as a part of that property. This operation continued until May, 1894, when the Canals were badly damaged by floods and were compelled to cease operations. In 1896 the Canal properties were sold under proceedings in foreclosure of certain mortgages thereon. All interest held by the Philadelphia and Reading Railroad Company in those canals were transferred about 1900 to a group of Baltimore capitalists. The property of the Philadelphia and Reading Railroad Company was sold in 1896 under proceedings in foreclosure of its General Mortgage on account of default having been made in the payment of the interest on the Bonds issued under that loan. The proceeds of the sale were not sufficient to pay the overdue coupons and principal of the General Mortgage Bonds in full." Supplementing our report rendered April 12th, Mr. H. E. Paisley, Treasurer of the Reading Company, informed us that as a result of the proceedings of foreclosure of the Philadelphia & Reading Railroad Company, the guarantee was not renewed by the successor company. We would rather not say they are worthless at this time.

Sutherland Collapsible Paper Box Co.	Incorporated in New Jersey August 20, 1928. Office, 23 Broadway, Camden, N. J. We received the following information from a former officer, Mr. Geo. G. Perkins, 806 Monmouth Street, Gloucester City, New Jersey: "The company has a fully developed plant at National Park, New Jersey, and for the first time in its history is about to commence production of boxes. This is a new plan of the present Board as all of the time heretofore, since the forming of the company has been devoted to the development of an automatic machine which could successfully make their patented box. So far this has proven unsuccessful and hence the Board's action as noted above. The stock has little or no value as far as earning capacity is concerned. The present Treasurer is Mr. George E. Eynon who may be addressed at the plant. I have invested considerable money in the company and believe the present management will be the first to show a profit for the company."

Swan Motor Corporation. Value of common stock, par value $10 each. Incorporated in Delaware March 17, 1920 and was located at Rockford Trust Bldg., Rockford, Ill. Letters addressed to Fred Swan, Treasurer, and F. E. Teachout, President, were returned marked "unclaimed". Our stock records for 1920 and 1921 show no value to the above shares. The company was shortlived, for its charter was forfeited in 1921. It is our opinion that there were no assets available for distribution on the stock, which is without value.

Swansea Consolidated Gold & Copper Mining Company. Incorporated in 1912 as a reorganization of the Clara Consolidated Gold & Copper Mining Company. Capitalization, $4,000,000. Par value, $1.00; 3,000,000 shares outstanding. Bonded debt, $1,000,0000. In 1913 the company became bankrupt and was operated by a trustee until 1917 when it was discharged from bankruptcy. Property was then leased for 10 yeas to the Swansea Lease, Inc., but lease was relinquished in May, 1924, and in 1925 suit was brought by the Swansea Lease for $234,323. In 1926 suit was brought against the company for $1,900,000 by the bondholders, who asked for foreclosure on the property. Address: O. M. Souden, president and trustee, c/o U. S. National Bank, 8th and Spring Streets, Los Angeles, Calif. The company has been idle since 1924.

Swastika Gold Mining Company. Incorporated in Colorado about 1907. Capital, $2,000,000. Par value, $1. We do not find any trace of this company for a great many years and believe it out of existence. On September 3, 1913, its charter was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Symphonic Radio Corporation.	Incorporated in Delaware, November 12, 1928, and a certificate of amendment was filed on July 22, 1929, changing its corporate title to Symphonic Corporation of America. We understand that the company had an office at 1133 Broadway, New York City, but all letters addressed to them remain unanswered. We believe corporation has gone out of existence. As far as we can ascertain there is no market for the stock which we believe has only a nominal, if any, value at the present time.

Tabard Inn Book Company. It was reported that the company had an office in Philadelphia about 1913, but failed to trace the company after that time. On Mar. 16, 1918, 4 shares of Preferred sold at auction in Philadelphia for $1 the lot, and on Mar. 11, 1918, 30 shares of Common sold for $1 the lot. It is our opinion that both the Preferred and Common stocks are worthless.

Tabard Inn Corporation. Incorporated, New Jersey, June 17, 1904. Capital, $12,500,000; par value, $10. Address: 417-419 Market St., Camden, N. J. In 1907 the charter of this company was forfeited for non-payment of taxes, and we find no trace of it since that time. In April, 1919, 116 shares of preferred and 97 shares of common stock sold at auction for $3 the lot.

Tacony Steel Company. We are advised that the stock of this company is absolutely worthless. The property was sold quite some time ago and the proceeds realized from the sale were not sufficient to pay creditors let alone leave anything for distribution among stockholders. On June 11, 1930, 100 shares of stock sold at auction for $2 the lot.

Talking Pictures Affiliated Industries Inc. Incorporated in Nevada on Aug. 5, 1929, and is now delinquent in the amount of $35 for failure to file lists of officers and pay penalties since its incorporation. It would appear that this company suffered as well as other companies in the market crash of Oct., 1929. The company's charter probably will automatically be forfeited at the end of this year. Therefore, it is our opinion that the company is out of business and that the shares are without value.

Tamiami City Corporation. Incorporated in Florida in 1925 and was located at Fort Myers, Florida. President, George H. Boyce, attorney, 188 Montague Street, Brooklyn, N. Y. Judge Boyce informed us that the company is out of existence having transferred its property to the Tamiami City Development Co. The Bank of Fort Myers and the First National Bank of Fort Myers, Florida, hold mortgages on the property and instituted foreclosure proceedings. Judge Boyce stated that the shares could be deducted as a loss for the year 1931 which was the year he established his loss. Therefore, we believe the shares of the subject company are deductible as a loss for the year 1931.

Tamiami City Development Co. Incorporated in Florida as a successor to the property of the Tamiami City Corp. The Bank of Fort Myers, Florida, held mortgages on the property and have instituted foreclosure proceedings. Judge Boyce, located at 188 Montague St., Brooklyn, N. Y., informed us that the shares became worthless in 1931 and that he established a loss on his shares for that year. Therefore, it is our opinion that the shares are deductible as a loss for 1931.

Tananlitas Land & Farming Company. Incorporated —Arizona. We have seafched our files and other sources of information available to us and find no company of this name. It is possible that the company filed its Articles in Territorial Days, and were not transmitted by the County Recorder to the State Department at the time Arizona became a state, in 1912. However the absence of any record as to annual registration fees paid, or reports filed, since 1912, would class the company as a defunct company and its charter subject to revocation. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Tatum, E. P., Sons Company.	S. C. 1919.	
Tatum Lease Syndicate. A common law company organized about 1924. Officers, C. W. Waddington, president; E. M. Robinson, secretary. We are advised that this "blew up" several years ago. They were never able to develop anything, but did, we understand, try faithfully. No trace of the company or its officers can be found for several years. There is no market for the units, which we believe worthless at the present time.

Taxpayer, The.	We do not locate "The Taxpayer" which we assume is a publication, but we do have record in 1908 of the Taxpayer Magazine, with Carl Wilhelm as an officer and located at 106 Fulton St., New York City, but no further record. Also we locate a Taxpayer News Publishing Company with an office at 1451 Broadway reported in 1910 with Joseph B. Loughry as an officer.

Temple Terraces, Inc. Incorporated in Florida and was located at 602 Grand Central Avenue, Tampa, Florida. Letters addressed to the company have been returned. We believe the company is out of existence. We found no evidence that the shares had any value at any time near the date of death. Therefore, it is our opinion that the shares did not have more than a nominal value, if any, as of Oct. 22, 1931.

Tenny Farms Company. Incorporated. New York, Jan. 6, 1909, at Hilton, N. Y. The State Bank of Hilton, New York, informed us that this company has not done any business under the above name for the last few years, and as far as the stock is concerned, they know of no value. The Clerk of the Court, at Hilton, N. Y., informed us that there is no land in Hilton recorded in the name of Tenny Farms Company. The Town Clerk of Hamlin, Monroe County, N. Y., informed us that they have no land recorded under this name, in fact thay never heard of the company before. It is our opinion that the company failed, and the stock is worthless.

Terra Marine Company. This company was promoted by George P. Steward, and altogether we believe $1,800,000 of these bonds were issued, netting the company approximately 50% and the entire issue is secured upon property valued at about $200,000. Interest was defaulted and a Receiver appointed in the early part of 1911 and later certain of the directors were reported to have been indicted for conspiracy to defraud investors, but were subsequently acquitted. There are at least fourteen (14) different kinds of 20-year 5% bonds outstanding. In 1911 the bonds were only valued at 8%. We have been unable to find any market for them for a number of years and in view of the above submit only a nominal value.

Texas American Syndicate. The Texas American Syndicate, North Texas Building, Dallas, Texas, is a trust estate organized several years ago of which H. H. Tucker, Jr., is sole trustee. We are informed that the Syndicate is divided into six million shares with a par value of $1 each. Mr. Tucker promoted the Uncle Sam Oil Company, which went out of existence several years ago. However holders of Uncle Sam shares are permitted to use them in purchase of some of the offerings in connection with the Texas American Syndicate. We are informed by Mr. Tucker that there is no real market value for the securities of the Syndicate, but he believes there is potential value back of the stock. He further states that at present he does not believe that he can find a buyer for this stock, but will be glad to cooperate with you and help you find a buyer just as soon as possible, but this cannot be done in less than three to six months. The Potash stock was given away and has no potential value, the sub lease you hold automatically expired because rentals were not paid. The Validation certificate was also given away with Syndicate stock and must be kept with the Uncle Sam Company bonds. According to Mr. Tucker, the Validation Fund Royalty Interests & Securities have a potential value of fifty million dollars. As we are unable to locate a market for these securities of the Texas American Syndicate, we suggest you write to Mr. Tucker and have him inform you when he has found a buyer for your securities, his address is Texas American Syndicate, 200 North Texas Building, 913 Main Street, Dallas, Texas.

Texas Land Syndicate No. 1. Company was organized many years ago as the New York & Texas Land Company and subsequently became known as the Texas Land Syndicate and the capital stock was known as No. 1 and No. 2. Liquidation proceedings were commenced in 1881 since which date there has been a rather limited market for the capital stock. We find that Messrs. Hanson & Hanson, 25 Broadway, New York City, has quoted the stock during the past year or so at 25c Bid, 75c Asked and while it should not be supposed that this is the actual value of these shares, it is quite possible that through these brokers something could be realized. However, the only way to find out just what can be realized is to communicate with these brokers or some other reputable house with the request that they sell the shares at their figure.

Texas Production Company of Dallas, Texas. Organized in Texas in 1919 and had an office at 316 Linz Bldg., Dallas, Texas and 1416 Bway., N. Y. C., in that year, G. B. Wanamaker, President; R. L. Hughes, Treasurer. Reported to have leases on 4,600 acres in Petrolia and Iowa Park, Texas. The company apparently failed to meet the requirements of the lessors and the leases reverted back to them. The company was listed in our Petroleum Register for 1921 and not in 1925. If is our opinion that the company failed sometime after 1921 and went out of business. The stock was last quoted in 1922 at 4 cents per share. It is our opinion that the shares are without value.

Texas Sulphur Company. Incorporated, Arizona, 1916. Capital, $500,000. Property in eastern part of Culberson county consists of several claims. We have been informed that the company went into the hands of a receiver some years ago, but at this time all the debts of the company have been paid, receivership vacated and the property turned back to the stockholders. The company is still intact and has a small income from oil royalities sufficient to pay taxes, etc. Its principal assets are 4 sections of sulphur land in Culberson county, which it is believed is potential oil land. If the company liquidated the stockholders would realize only a few cents on the dollar, so it would seem that the company is acting for the interest of the stockholders in maintaining the property.

Texas United Oil Company of Dallas. This company was one of the many Texas "wildcat" companies which sprang up in Texas during the boom. It had a capitalization of $5,000,000 par value stock $1. At one time a merger was proposed with Lang Oil and Texas United Oil but it never actually took place. In December, 1920, the Texas United went into the hands of a receiver; stockholders were then asked to contribute eight cents on each share of stock receiving therefore two year, 6%, notes. The property later emerged from receivership, and Mr. Aldred S. Wright was president of the new company. We understand that only those stockholders who put up the eight cents per share, could obtain the new certificates. The last offerings made were on February 20, 1924, by J. D. Witt & Co., Los Angeles, 350 at market.

Thompson & Derr Company. This company was incorporated under the laws of New York State, March 27, 1894 and was dissolved April 2, 1924 by Proclamation of the Governor. Evidently the company failed and went out of existence, failing to pay the state registration fees. If the company had had any assets upon dissolution, we would have found some record of any distribution to stockholders. It is our opinion that the shares are valueless.

Tiger Butte Gold Mining Company. Incorporated in Arizona and was located at Goldfield, Nevada in 1908. We have made a search of our mining records back to 1908 and found no record of this company's operations. It is our opinion that the company was short-lived and went out of existence. We do not attach any value to the stock.

Timber Point Club.	Value of Stock (Par $50.). We understand that the stock was all taken by members of the club since when it has remained closely held. There are no outside sales or public quotations of any kind. The club of course was not organized for profit and being a social affair, the stock can not be said to have any actual market value. Under the circumstance we carry this stock at nominal, as of March 6, 1926.	
Timber Point Corporation.	The Timber Point Corporation was organized under the laws of the State of New York and is located at Islip, Long Island. Mr. William G. Brady, Treasurer of the corporation, whose address is in care of the National City Bank, 55 Wall Street, New York City, informed us that said corporation owns some real estate at Islip, Long Island, that is mortgaged as follows: First mortgage, $100,000; second mortgage, $20,000. The property is probably worth slightly more than the mortgage, but could not have been sold for he mortgage indebtedness at any time near March 17, 1932. When real estate conditions get better, there is a chance that the stock will be worth something. There was absolutely no market for the capital stock at any time near March 17, 1932, and submit only a nominal value for the shares as of that date.

Times Square Auto Supply Company, Inc.	A petition in bankruptcy was filed against this concern on January 11, 1929 and the Irving Trust Company of New York was thereafter appointed Trustee. We are informed that in view of the fact that the liabilities exceeded the assets by far, but a small dividend will be received by its creditors. In view of the above we believe the common stock without value.

Tip Top & X.IOU.S. Mining Company. Incorporated in New York and had an office in New York City in 1890 and is now located at 1 Cedar St. N. Y. C. in care of Montgomery, Peabody, Grace & Derby. J. C. O'Connor, Secy., (former Secy.). We understand that the company is still in existence, but find no record of the company's operations. The shares were probably closely held and therefore no statements were given out. Mr. Montgomery informed us that the company has a bank account, but could not at this time give us a value of the share. There is absolutely no market for the stock and on account of the shares being closely held, we hesitate to place a value on the stock without seeing a balance sheet of the company.

Toby Creek & Philadelphia Coal & Oil Company. Incorporated—Pennsylvania, 1865. We have made an exhaustive search of our own files and numerous other sources of information available to us, but are unable to find any trace of the above named company for a great many years, and believe it went out of existence a long time ago. County Clerks and old banks in the neighborhood of Elk County advise us that they have no record of this company. We are unable to find any market for these bonds at the present time and believe they are without value.

Toledo, Adrian & Jackson Ry. Co.	1902.	
Toledo, Ann Arbor & Detroit Railway Company. Incorporated in Ohio, December 6, 1904. Took over the properties of Toledo & Northwestern Railroad Company and the Ohio & Michigan Traction Company. On August 28, 1906, receivers were appointed in response to a petition filed by the German Brothers of Toledo. It is alleged that the financial difficulty which led up to the receivership involve the disappearance of about $300,000 worth of bonds issued sometime ago. Sale fixed at Bedford, Monroe County, Michigan. The upset price fixed by the Circuit of Monroe County was $80,000. We wrote to the County Clerk of Monroe County to ascertain whether or not any disposition was made on the bonds as a result of the above sale. He advised us that there has not been any disposition made to his knowledge. In view of the above we believe the coupons and the bonds of this company without value at the present time.

Toledo, Wabash & Western Railway. The Wabash Railway Company informed us in 1928 that the capital stock of this company has no ascertainable value as it was extinguished by foreclosure of the gold bond mortgage of said company about 1876. The plan of reorganization provided for the surrender of the stock certificates and the payment of an assessment of 10% per share. All stocks, on which the above mentioned assessment was not paid, are without value.

Tomadelli Electronic Corporation.—Incorporated in Delaware about 1921. Capital—$1,500,000. Factory Harrison, New Jersey. Purpose of the company was to perfect a lamp that would burn at practically no expense by using energy from the atmosphere. There is no market for the stock as far as we can ascertain. The attorneys for this company advise us that they have heard nothing of the company since 1924 and believe the company out of existence.

Tombstone Consolidated Mines Co., Ltd. This company was adjudicated a bankrupt in 1911. The referee in bankruptcy disallowed the special contract bonds on the ground that they were not provable debts in bankruptcy existing at the time of the filing of the petition in bankruptcy, but that they represented a contingent liability based upon the earnings of the mines owned by the bankrupt company. The referee's decision was sustained in the Supreme Court of the United States. The bonds were disallowed and the holders received nothing from the distribution of assets. We submit the 6% specal contract bonds and capital stock as worthless.

Tonopah Midway Consolidated Mining Company. Incorporated in Nevada in 1915. Capital, $1,500,000; par value, $1. Address: E. J. Erickson, Tonopah, Nevada. Officers: E. B. Broughen, president; W. J. Douglass, vice-president; E. J. Erickson, secretary and treasurer. On July 12, 1924, the stockholders agreed to sell out to Tonopah Divide Mining Company, accepting one share of the latter for each seven shares of Midway. On July 15, 1924, the certificate of dissolution was filed with the Secretary of State of Nevada. Around January 4, 1929, the stock of the Tonopah Divide Mining Company was quoted at about $.04 bid, $.06 asked. In view of the above, we believe that the stock of the Tonopah Midway Consolidated Mining Company had only a nominal value as of January 4, 1929.		
Tonopah Midway Consolidated Mining Co.		2
Tonopah Midway Mining Company. Originally incorporated in Arizona and reorganized in Nevada, 1915. Capital, 1,500,000 shares; par value, $1. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Tracey Goble, Inc. Incorporated September 12, 1925 and had its principal place of business at Tampa, Florida. In 1926 this corporation filed a certificate naming Tracey Goble, 235 Lafayette Arcade, Tampa, Florida, as resident agent to accept service of process. We have sent letters to this address and have been returned. The corporation has filed no reports required by law nor have they paid any franchise taxes since 1926. Supplementing our previous reports. Mr. J. H. Levett now residing at Lawrence, Mass., informed us that he had not heard anything about the company for some time. Mr. Levett saw Mr. Goble in 1930 and was informed at that time that the stock was worthless. In view of the above we submit the shares as worthless.

Tramp Consolidated Mining Company. Incorporated in South Dakota. The secretary of the Sunset Mining & Development Company, 265 Russ Building, San Francisco, California, informed us in 1915 that the shares of the Tramp Consolidated are of no value. All of the property and assets were taken over by the Sunset company. Stockholders in the Tramp company were given the privilege of exchanging their shares for those of the Sunset company upon payment of an assessment of two cents per share. This privilege was only for a short period, and the right to make said exchange expired long before 1915. In view of the above we submit the shares as worthless.

Trenton Mining Co.	Incorporated in Arizona about 1907, and it was reported that the company owned some claims in the Tyndall district of the Santa Rita Mts. in Santa Cruz County, Arizona. At last reports foreclosure proceedings were instituted, and the property fell into the hands of the bondholders. We do not believe the bondholders realized more than a fractional part of this investment, and it is our opinion that the shares are valueless.

Tri-Bullion Corporation. Incorporated in Delaware, December 28, 1927, virtually as successor of Tri-Bullion Smelting & Development Company. The company is located at 576 Fifth Avenue, New York City, in care of Dr. Walter H. Colburn. Dr. Colburn informed us that there have been no sales of the stock for several years, and the last was for a few cents a share. Some of the larger stockholders are trying to bring about a reorganization in order to hold the property. In view of the above, we submit only a nominal value for the shares.

Trilby Gold Mining & Milling Company.	Incorporated, Colorado, July 10, 1902. Capital, $800,000. Officers: M. H. Houk, Pres.; P. S. Colestock, Secy. We have been unable to find any trace of this company or its officers for a great many years and believe it went out of existence a long time ago. On July 10, 1922 the charter of the company expired by limitation. As far as we can ascertain, there is no market for the stock, which we believe valueless at the present time.

Triplex Tube Company—This company was incorporated under the laws of Maine and it is stated on the face of the debenture certificate that interest is payable at the State Street Trust Company of Boston, Mass. The April and October, 1914, coupons are attached to the bonds. We have written to the State Street Trust Company asking them what interest has been paid on these bonds and what provision has been made for the payment of principal and they have answered us by saying that they must refer us to Mr. James L. Putnam, 48 Wall Street, New York City, for any definite information in regard to this debenture issue. We, of course, wrote to Mr. Putnam and subsequently had one of our investigators call at his office, where we were informed that he is very seldom at the office and spends most of his time abroad. Company was liquidated some years ago and in all probability the debentures were wiped out. We, therefore, submit zero as the value of these bonds as of January 21, 1927.

Tropical International Corp. Incorporated in Delaware to own tropical lands and had an office in Room 2016, 551 Fifth Ave., N. Y. C. Walter H. Morgan, President; Michael P. Kinegar, Vice President; Edward A. Ashdown, Treasurer. E. A. Ashdown & Co., C. P. A., 1182 Broadway, N. Y. C. Telephone Lexington 2-2068. Mr. Ashdown informed us that the company is now located at 17 State St., N. Y. C., and that the company owns outright practically 100,000 acres of land in Panama and Nicaragua. He also stated that the venture is problematical at this time, and that there is no market for the stock. Therefore, in view of the above we submit only a nominal value for the shares.

Trout Bay Syndicate. The Adventure Mining Company, care of Newmont Mining Company, 14 Wall Street, New York City, was organized in 1929 to explore properties held under option from Trout Bay Syndicate. Option extended to September 1, 1929. If developments were satisfactory a new company was to be formed to acquire the property. We were informed by the Newmont Mining Company that the property was never acquired. It probably proved worthless and is of no value. A. S. Crooks, who is located at 1503 Royal Bank Building, Toronto, Ontario, refuses to answer our letters. It is our opinion that the stock has no value at the present time.

Trussville Ore Company.	Incorporated August 28, 1916 and was located at Birmingham, Jefferson County, Alabama. Capital Stock—$2,000—paid in stock $1,000. Incorporators: W. R. Cocke, J. R. Godwin, D. Swann. This company has filed no reports or paid any franchise taxes for several years. The Secretary of State presumes that the company is not in business. We definitely ascertained that this company is not in business. The company could hardly become successful with only a working capital of $1,000 if they did not make a strike. As Alabama is iron territory, we searched all of our iron and steel books back to 1916 and found no record of this company. It is our opinion that the shares are worthless.

Tudor Corporation. Value of Capital Stock. Incorporated under the laws of the State of New Jersey, February 1, 1930, and is located at National Newark Building, Newark, New Jersey. We understand that this corporation had some bonds outstanding that have absolutely no market. Letters addressed to the company at Newark, New Jersey have not been answered nor returned. The capital stock had no market at any time near April 4, 1932, and it is our opinion that the shares had only a nominal, if any, value on April 4, 1932, and submit it as such as of that date.

Turner Brooks Royalty Syndicate.	A dividend of 1% was paid by this Syndicate in 1926, since that time deposits have been coming in very slowly. At this time the company has but $700 net balance and since it takes more than that to pay a dividend of only 1% it can be readily seen that it will be a long time before another dividend will be paid. At present there is no market for units of this Syndicate and believe that they are worth very little if anything at the present time.

Tuscarawas Oil & Gas Co.	Okla. 1921.	
Tuscarawas Valley Coal Company.	Incorporated in Ohio, July 11, 1873. Apparently this company was never certified by the Secretary of State of Ohio as the Corporation Commission of that State has no record of the company or its officers since the date of its incorporation. We have also searched many other records dating back to 1873, but cannot trace the company. As far as we can ascertain, there is no market for the stock, which we believe valueless at the present time.

U. S. P. Salicylic Company, Inc.	Incorporated—New York. Officers—Eugene W. Kluchansky, Victor E. Gartz, 36 W. 44th St., N. Y. C. This company was formerly located at 1475 Broadway, New York City. No trace of the company could be found after 1921. Charter was forfeited 1929. Mr. Gartz informed us that this company imported from Russia salicylic acids, and as far as he knows the company never had any assets, nor ever made any money. He also informed us that the stock has absolutely no value.

Union Building Association. The private laws of 1869 of the State of Illinois show that there was organized under special charter granted by the legislature the Union Building Association. The act organizing this association was approved April 9, 1869. According to the charter "the object of said association is hereby to be the acquisition, care, use, rental and disposition of a certain building erected on the southwest corner of Washington and LaSalle Streets in the City of Chicago and known as the Union Building." If you will explain that this was not a building and loan association, the Secretary of State can tell you when the association was dissolved.

Union Casualty & Surety Co. of St. Louis, Mo. — This company was represented in New York by Deles-Demiers & Cluff, 141 Broadway, New York City and Edward A. Weiss, 818 Broadway, New York City, mgr. Commenced business April 18, 1893. Edward Cluff, President and Le Grand L. Atwood, Secretary. We were informed that the company was dissolved by a court order on March 5, 1909 and that Mr. Hall, Jr. formerly of your bank knew all about the company. In fact, the Central Trust Company was directly interested in it and probably owned most of the stock. It is our impression that when the company was liquidated, the Central Trust Company obtained everything that was due them, and that the shares have no present value.

Union Cigar Company. We are advised as follows by Mr. C. R. Stoddard, Assistant Secretary of the Union Cigar Company, located at 15 Exchange Place, Jersey City, N. J.: "Beg to advise that during the year 1929 the corporation sustained very heavy losses. Due to the very great decline in the market price of Webster-Eisenlohr stock in that year, a large part of the holdings of this company in the Webster-Eisenlohr Company were sold out, and the chances of the stock of the Union Cigar Company recovering any substantial value are practically negligible.

Union Discount Company, Inc. Incorporated in New York, August, 1922 as a consolidation of Shape, Bready and Peterkin and the Owners Improvement Corp. and controlled through stock ownership the Charter Construction Company, Rogers Williams Realty Company, and the Barras Construction Company; also had an interest in the Standard Gypsum Corporation, and the Union Investment Securities Company, Inc. Authorized capital stock consisted of $5,000,000 7% preferred, par $100, and 50,000 shares of no par value common. The officers were John C. Watson, Chairman; Henry C. Wylie, President; Stanley A. Sweet, Vice President; Theo. Crane, Sec'y and Bernard P. Moora, Treasurer. Its address was 67 West 44th Street, N. Y. C. On August 12, 1927 equity receivers were appointed: John C. Watson and Chas. H. Strong. The complaint alleged that the affairs of the corporation had been mismanaged by the officers and directors. The last sale of the stock, of which we have record occurred at auction when 50 shares of 7% preferred stock and 200 shares of common sold for $11 the lot on March 13, 1929. Chas. H. Strong, attorney and receiver of 36 W. 44th St., N. Y. C., informed us that probably 20 cents on the dollar will be paid to creditors, leaving nothing for the stockholders. A suit was instituted against the directors who it is alleged wrecked the company, but it is doubtful if anything will be recovered. We submit the shares as worthless.

Union Liberty Company. This company, was located in Chicago, Illinois, and was represented in New York City by W. M. Sierakowski as late as 1922 at 252 West 14th Street, New York City. We do not locate the above representative in New York at the present time. The last quotations of shares we have on record occurred in March, 1922, when 5 shares were offered at 75. Neither of these offers received any bids. On July 1, 1921 the Illinois charter of this company was forfeited for failure to pay franchise taxes. In view of the above we believe the stock of this company without value at the present time.

Union National Bank of Indianapolis.	There is no value attached to the stock of this bank. About 23 years ago, the Union National Bank and the Columbia National Bank of the City of Indianapolis, consolidated under the name of the National City Bank. This ran along for several years, until there was an assessment made on the stockholders, which put them in fairly good shape. Then they took over the Commercial National Bank, which bank had already had an assessment of its stockholders, and under the combination there was another assessment levied on the stockholders. The deposits of the National City Bank were taken over by the Fletcher-American National Bank of Indianapolis.

Union Railway Company.	Value of First Mortgage 6% Bonds due 1908. Our records show that the Union Railway Company of Kansas City, Missouri, was incorporated on June 10, 1887. The principal stockholders were: J. P. Loomis, Walter Harwood, M. G. Harman, all of Kansas City, Mo. This railway was to construct and operate a line from Kansas City, Missouri, to the City of Independence, Mo., all in Jackson County. Our Street Railway books for 1892 does not list this company and was reported out of existence about that time. It was reported in 1903 that the bonds and stock of this company are without value. In view of the above, we believe the above bonds are without value.

Union Shares, Inc. James R. Sheldon & Company of 44 Wall Street, New York City, offered the stock of this company in 1928. The office of the Union Shares, Inc., is located at 44 Wall Street, in the offices of Sheldon & Company, who keep the books and files. The Union Shares owns 51% of the stock of the Union Trust Company of Endicott, New York. Considering the depreciation of securities owned by the bank, it is the opinion of Sheldon & Company that the stock is worth about $25, although they have heard of a sale at $40 (1931). 2

Unique Oil Company. Organized under the laws of Delaware on Dec. 30, 1921, and when last reported had a place of business at 2 Rector Street, New York City. We find that on January 27, 1926, the Deputy Attorney General of the State of New York secured an order from the Supreme Court forbidding the sale of the stock of the Unique Oil Company in New York State; and it is logical to suppose that a stock so objectionable would be hardly suitable for an investment or even a speculation, when sold in some other state. Our representative called at the office of the company at 2 Rector Street, where it was stated that the company was operating, but just where or to what extent could not be gleaned. Upon the general appearance of things it is apparent that such operations, whatever they consist of, are not encouraging. There is no public market for the stock, and the company states that no information is given out as to financial condition.

United Cobalt Exploration Co. Incorporated — New Jersey, 1906. Capital—Authorized $10,000,000, outstanding $2,500,000; par $1. Officers—Arthur J. Ronaghan, President; Edw. H. Jones, Secretary. Last reported address—115 Broadway, N. Y. C. The company was organized to purchase certain property in the Cobalt district of Canada and was to pay for property out of earnings. However, the mine did not prove a success and was sold back to original owners. We find no trace of the company for a great many years, and believe it out of existence. There is no market for the stock, which we believe valueless at the present time.

United Electric Traction Company. Incorporated in Jersey, April 4, 1890, and was engaged in the manufacturing business with an office at Jersey City, N. J. In 1893 it was reported that the company had an office at 136 Liberty St., N. Y. C., and Knight Neftel was President and receiver. We interviewed Mr. Austin Knight Neftel, the son, located at 71 Broadway, N. Y. C., and was informed that he knew nothing concerning the affairs of the company. It is our opinion that if there were any funds available for stockholders, Mr. A. K. Neftel, the son, would be the logical one to know of its existence. Therefore, it is our opinion that the shares received nothing in liquidation and are without value. Confirming the above, it was reported in 1911 that the shares were worthless.

United Freeland Development & Tunnel Company.	This company conducted operations at Colorado Springs, Colo. This company has been idle for a number of years. We were informed by an officer in March, 1919, that the company had $2,000 in the treasury and some mining property of uncertain value. We also understand that there was a suit pending for $40,000. In view of these facts, the stock had only a nominal value at March, 1919.

United Gas Controller Company of Camden, N. J. Incorporated in New Jersey, August 27, 1896, with 2,500 shares of stock at $50 par value. Company was located at Camden, N. J.—object of incorporation, manufacturing. In 1902 we find that the charter of the United Gas Controller Company of Camden, N. J., was forfeited for non-payment of taxes. We do not find any record of a United Gas Control Company, and believe the above is apparently the same company. We do not find any further trace of the company or a value to its stock.

United Grape Products, Inc. Incorporated in Delaware to manufacture grape juice and grape products, and has its main office at Buffalo, New York. The company has outstanding $250,000 of 6 per cent. notes that were extended to January 1, 1932. The bonds have absolutely no market. Default was made on principal Jan. 1, 1932. In 1929 the company showed a net loss of $208,987 and $245,132 in 1930. On Nov. 30, 1929, 100 shares of preferred stock were sold at auction for $5.00 for the lot. On the same day 200 shares of common V. T. C. sold for $1.00 the lot. The preferred stock was last quoted in 1928; the common has had no market since then. It is our opinion that the common stock was worthless in 1928, and the preferred stock was worthless in 1929. However, the company still retains its charter.
